KING ARTHUR (1930)

A large ruffled and fluted lavender of heavy substance, introduced last season. Mr. J. H. Heberling of Easton, Ill., after trying it out this summer, speaks of it as follows:

"The richest and most outstanding lavender self to date. Tall, sturdy, straight, well-formed spike. Wide open flower, 6 inches across. Of very heavy substance and heavily ruffled. A King among Kings and a masterpiece. I regard it as worth the money asked."

Stock still very limited and orders will be filled in rotation as long as it lasts.

Large Bulbs, 1 inch and over, \$100.00. Medium Bulbs under 1 inch, \$50.00. Small Bulbs, \$25.00 each. Bulblets, \$10.00 each; \$100.00 per dozen.

CONSTANCY (1931)

A very large, clear rose with a deeper blotch in the throat. Grows 5 feet tall, flowers 5 inches across. Outstanding in its color class and should make a fine commercial variety.

Large Bulbs, \$10.00 each. Medium Bulbs, \$5.00 each. Small Bulbs, \$3.00 each. Bulblets, \$1.00 each; \$10.00 per dozen.

LAVENDER DELIGHT (1931)

This is a plain petalled lavender with cream throat. Deeper than Minuet. Strong grower and propagator. Of great purity of color and chaste appearance. A real lavender.

Large Bulbs, \$10.00 each. Medium Bulbs, \$5.00 each. Small Bulbs, \$3.00 each. Bulblets, \$1.00 each; \$10.00 per dozen.

RADIANCE (1931)

A very bright red, lighter and much brighter than Taro. Strong, healthy growth and should make a splendid addition in its color class.

ALL THAT I ASK Have you ever bought bulbs from me? Every season I receive letters from customers who are more than satisfied, so would it be amiss if I told you that my bulbs are grown in the rich Connecticut River Valley soil, potash fed, grown right, well cured and stored and priced reasonably and besides I believe in extra count and extras as well. I know I can more than satisfy you, but don't take my word for it! Make me prove it! Just a trial order is all that I ask.
